Overwhich Falls Trails 182 and 248

**PLEASE RIDE
 RESPONSIBLY**

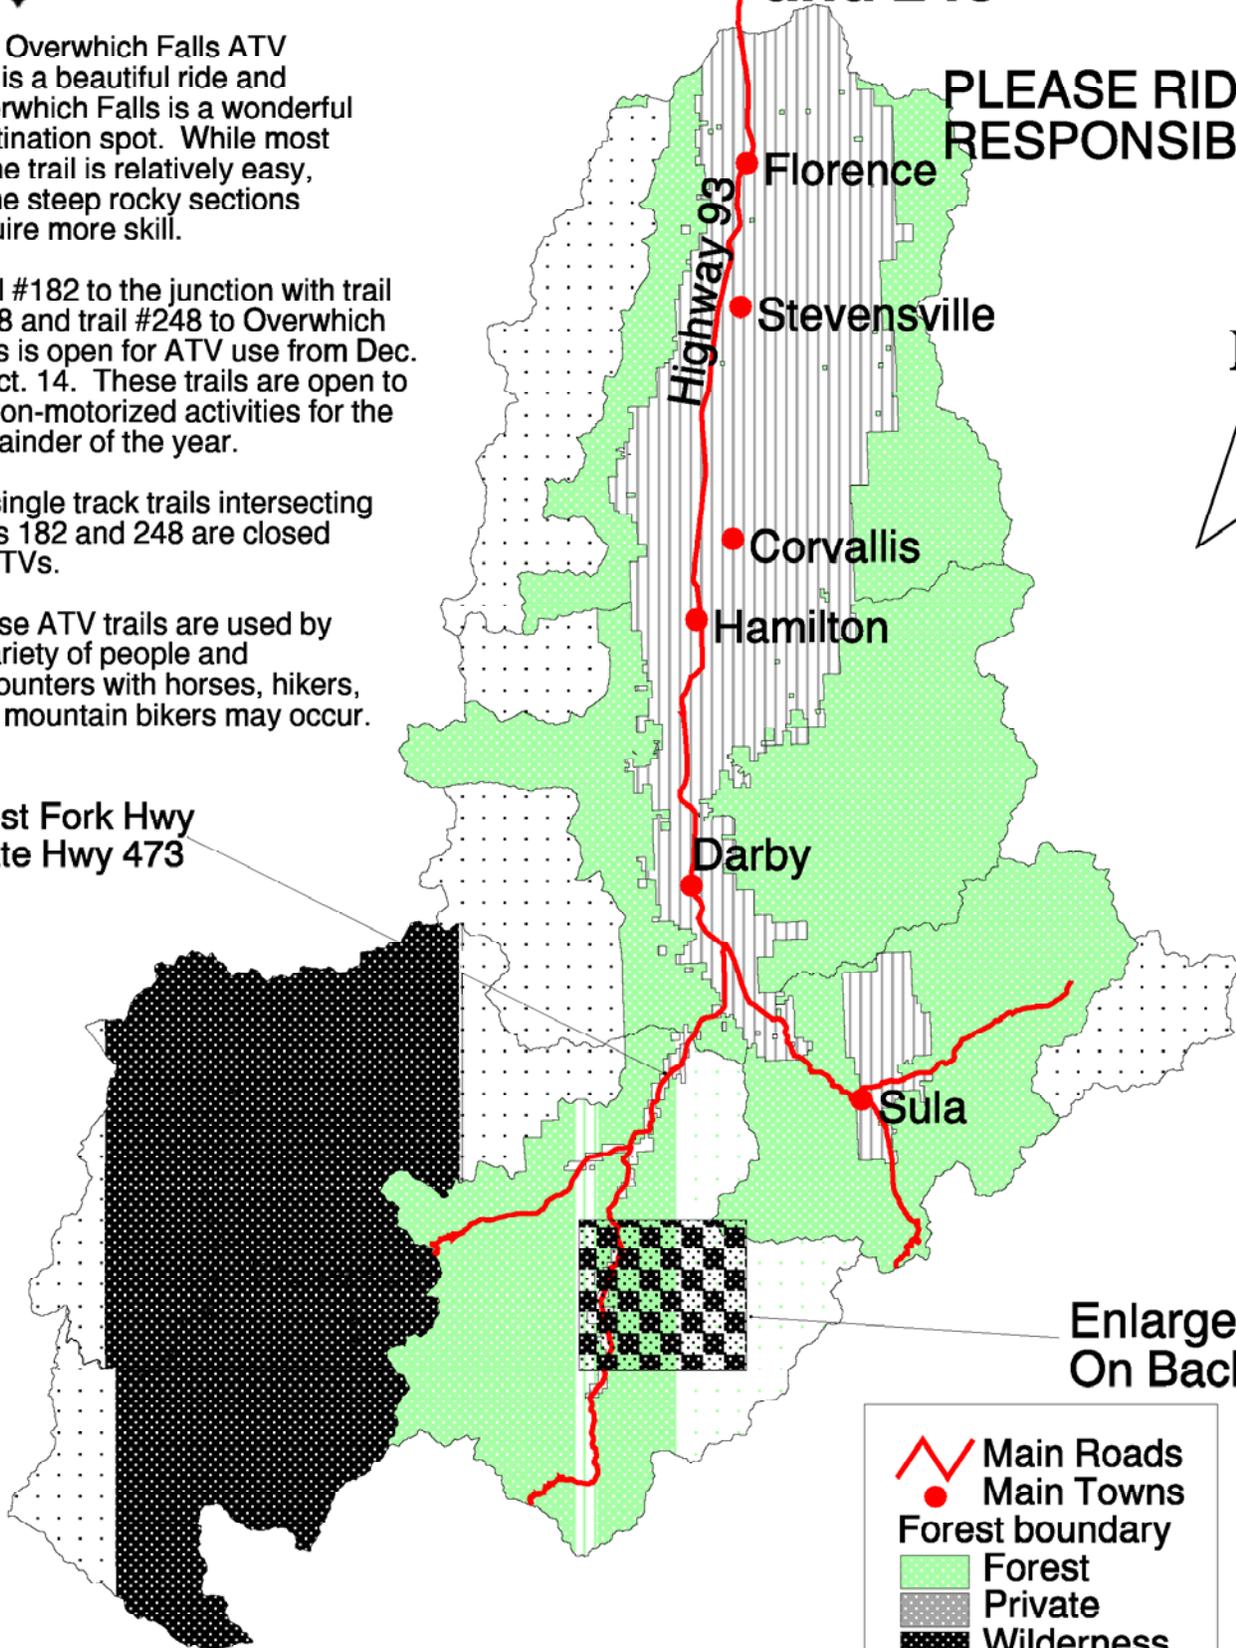

The Overwhich Falls ATV trail is a beautiful ride and Overwhich Falls is a wonderful destination spot. While most of the trail is relatively easy, some steep rocky sections require more skill.

Trail #182 to the junction with trail #248 and trail #248 to Overwhich Falls is open for ATV use from Dec. 2-Oct. 14. These trails are open to all non-motorized activities for the remainder of the year.

All single track trails intersecting trails 182 and 248 are closed to ATVs.

These ATV trails are used by a variety of people and encounters with horses, hikers, and mountain bikers may occur.
