

Roads Analysis Report

Clearwater National Forest

January 7, 2003

**Clearwater National Forest
12730 Highway 12
Orofino, Idaho 83544
(208) 476-4541**

Table of Contents

EXECUTIVE SUMMARY.....	1
Introduction.....	1
Key Findings.....	2
INTRODUCTION.....	4
Process.....	5
CHAPTER 1 – SETTING UP THE PROCESS.....	6
Objectives of the Analysis.....	6
Analysis Plan.....	7
Information Needs.....	8
Public Involvement.....	8
CHAPTER 2 – DESCRIBING THE SITUATION.....	11
The Analysis Area.....	11
CHAPTER 3 – IDENTIFYING ISSUES.....	13
Identifying Issues.....	13
CHAPTER 4 – ASSESSING BENEFITS, PROBLEMS, AND RISKS.....	15
Current Road System Benefits and Risks.....	15
Ecosystem Functions and Processes.....	15
Aquatic, Riparian, and Water Quality.....	17
Terrestrial Wildlife.....	39
Economics.....	41
Commodity Production.....	41
Minerals Management.....	42
Range Management.....	43
Water Production.....	43
Special-Use Permits.....	43
General Public Transportation.....	44
Administrative Use.....	57
Protection.....	57
Recreation.....	60
Passive Use Values.....	62
Social Issues.....	64
CHAPTER 5 – DESCRIBING OPPORTUNITIES AND SETTING PRIORITIES.....	69
Problems and Risks from the Road System.....	69
Opportunities for Addressing Problems and Risks.....	74
CHAPTER 6 – KEY FINDINGS.....	83

REFERENCES.....	85
APPENDICES.....	86
Appendix A – Risk and Value Criteria.....	86
Appendix B – Miles of Road for Each Road Management Category.....	89
Appendix C – Numerical Risk and Value Findings for each Road Segment.....	90
Appendix D - Beneficial Uses in Each Watershed (5 th code HUC).....	91
Appendix E – Priority Listing and Criteria for Completing Watershed Analysis.....	92
Appendix F – Map of Forest Roads Analysis Subbasin Watersheds.....	93
Appendix G – Public Comments.....	94
