

Lionhead Travel Planning Area

A. Alternative Travel Area Goals, Objectives, Standards and Guidelines

Travel Planning Area Direction Under Alternative 1

Alternative 1 is the “no action” alternative. There would be no changes to current Forest Plan management direction applicable to travel management.

Travel Planning Area Direction Under Alternatives 2 through 7

GOAL 1: Summer Recreation Use. Provide opportunities for summer recreation use with an emphasis on motorized use in the eastern portion, and non-motorized foot and horse travel in the western portion (recommended Wilderness). *This goal is applicable to Alternatives 2 through 7, however there would be less emphasis on motorized uses under Alternatives 5 and 6.*

OBJ. 1(1): Manage the road and trail system to provide for the following types of summer recreation use. *This objective is applicable to Alternatives 2 through 7, however the amount of opportunity varies between alternatives as shown in the following table.*

* Use for this activity is not prohibited on any trails; use is either emphasized or allowed.							
** Use for this activity is prohibited on some trails.							

OBJ. 1(2): Provide an ATV loop trail in the Watkins Creek/Continental Divide Trail area. *This objective is applicable to Alternatives 3 and 4. This objective does not apply to Alternative 2 because it is designed to be similar to the no action alternative and investments in new routes are minimal. This objective is not included in Alternatives 5 and 6, instead favoring reducing open motorized route density in this area. The objective is also not included in Alternative 7, in favor of managing Watkins Creek Trail for non-motorized use.*

OBJ. 1(3): Establish a non-motorized trail route to serve as the Continental Divide Scenic Trail (CDST). *This objective applies to Alternatives 2 through 7.*

GOAL 2: Winter Recreation Use. Provide opportunities for both snowmobiling and cross-country skiing. *This goal is applicable to Alternatives 2 through 7.*

OBJ. 2(1): Manage the road and trail system to provide for the following types of winter recreation use. *This objective is applicable to Alternatives 2 through 7, however the amount of opportunity varies among alternatives as shown in the following table.*

^{2/} Note: Seasonal restrictions are displayed under the route-by-route management section.

GOAL 3: Grizzly Bear Habitat Security. Maintain the network of open motorized routes at a density that will provide for grizzly bear habitat security. *This goal is applicable to Alternatives 2 through 7.*

OBJ. 3(1): Reduce open motorized route density by closing up to 12 miles of existing road. *This objective is applicable to Alternatives 2 through 7.*

GOAL 4: Fisheries. Provide habitat for westslope cutthroat trout in Denny Creek and No Name Creek. *This goal applies to Alternatives 2 through 7.*

In this Travel Planning Area, this goal is pursued through application of Forest-wide standards.

GOAL 5: Migration Corridors. Provide for wildlife migration and movement across the Henry's Lake Mountain Range to and from the southwest and to and from the Madison Mountain Range. *This goal applies to Alternatives 5 through 7.*

This goal is pursued through the route-by-route management decisions associated with this Travel Planning Area (i.e. managing trails in the northwestern portion and the recommended Wilderness for non-motorized uses).
