

Appendix A

INTERDISCIPLINARY TEAM MEMBERS

Individual	Specialty	Location
Gilbert Becenti (Team Leader)	Range Specialist	Divide Ranger District
Tristram Post	Range Specialist/Editor	Divide Ranger District
John Rawinski	Soil Scientist	Rio Grande S.O.
Les Dobson	Hydrologist	Rio Grande S.O.
Barry Wiley	Fisheries Biologist	Rio Grande S.O.
Dale Gomez	Wildlife Biologist	Divide Ranger District
Dean Erhard	Ecologist	Rio Grande S.O.
Kelly Clum	Landscape Architect	Rio Grande S.O.
Greg Thompson	Recreation Forester	Rio Grande S.O.
Vince Spero	Archeologist	Rio Grande S.O.

APPENDIX B

SCOPING LIST

Preliminary public involvement began in 1995 during the development of an Environmental Assessment for reissuance of the Term Grazing Permit for this allotment. Public involvement consisted of mailing a detailed scoping statement which described this effort. Further involvement occurred when a draft EA was prepared and mailed to those interested. The AMP update project was listed on the Rio Grande list of proposed projects that is sent to a Forest mailing list of about 850 individuals, organizations, and agencies

All comments received through the public-involvement process and all input from Forest Service resource specialists were used to identify issues and were addressed in the environmental-analysis process.

Agencies Consulted

Colorado State Archeologist

Individuals and Organizations Consulted

Ed Oliver

Billy Joe Dilley

Brett Shawcroft, SLV Cattleman's Association

Colorado Environmental Association

Joanie Berdie, Carson Forest Watch

Gudy Gaskil, Colorado Trail Foundation

Steve Hannon, Sierra Club

Sammy Frazer, outfitter/guide

Don Hawkins, summer home owner

Carol Ann Getz

Charlotte Trego, 30 Mile Resort

APPENDIX C – MAPS

- Map 1 – Canon Range Allotment Vicinity Map - Statewide
- Map 2 – Canon Range Allotment Vicinity Map - Districtwide
- Map 3 – Canon Range Allotment Suitable/Capable Rangeland
- Map 4 – Alternative 1 – Canon Range Allotment Pastures
- Map 5 – Alternative 2 – Canon Range Allotment Pastures
- Map 6 – Alternative 3 – Canon Range Allotment Pastures
- Map 7 – Canon Range Allotment Watersheds
- Map 8 – Canon Range Allotment Riparian Areas
- Map 9 – Canon Range Allotment Rio Grande Cutthroat Trout Populations
- Map 10 – Canon Range Allotment Soil Erosion Hazard and Soil Health Concerns
- Map 11 – Canon Range Allotment Forest Plan Management Area Prescriptions
- Map 12 – Canon Range Allotment Roads and Trails

APPENDIX D – BIOLOGICAL ASSESSMENTS EVALUATIONS

- D1 Rio Grande Cutthroat Trout Biological Evaluation
- D2 Biological Assessment – T&E Wildlife Species
- D3 Biological Evaluation for Sensitive Wildlife Species
- D4 Biological Evaluation for Sensitive Plant Species
- D5 Management Indicator Species Analysis

APPENDIX E - ECONOMIC ANALYSIS
