

## TABLE OF CONTENTS

	<i>Table of Contents</i>
	<i>List of Tables</i>
	<i>Maps</i>
	<i>Photos</i>
	<b>Page</b>
<b>Chapter 1 Purpose and Need for Action</b>	
1.1 History and Background .....	1 to 4
1.2 Purpose and Need for Action.....	4 & 5
1.3 Proposed Action.....	5 to 7
1.4 Relevant and/or Referenced Laws, Regulations, and Executive Orders .....	7 & 8
1.5 Forest Plan Direction .....	11 to 14
1.6 Decision Framework.....	14 & 15
1.7 Public Involvement .....	15 & 16
1.8 Relevant Issue Summary.....	16 to 18
<b>Chapter 2 Proposed Action and Alternatives</b>	
2.0 Proposed Action and Alternatives .....	1
2.1 Alternative One (Proposed Action) .....	1 to 10
2.2 Alternative Two (Modified Proposed Action).....	11 to 14
2.3 Alternative Three (Maximize Primitive Access and Tools) .....	15 to 17
2.4 Alternative Four (No Action-Baseline Comparison).....	17 to 19
2.5 General Framework and content of the Annual and Long-term Operation and Maintenance Plan for Alternatives One, Two, and Three .....	19 & 20
2.6 General Framework and content of the Dam and Reservoir Restoration Plan for Alternative Four .....	20 to 23
2.7 Alternatives Considered But Dropped From Further Analysis.....	24
2.8 Comparison of Proposed Action and Alternatives Considered and Summary of Consequences .....	25 to 35
<b>Chapter 3 Affected Environment</b>	
3.1 Wilderness.....	1 to 3
3.2 Recreation .....	3 to 6
3.3 Vegetation .....	6 to 9
3.4 Wildlife (Terrestrial and Aquatic) .....	9 to 19
3.5 Hydrology .....	20 to 25
3.6 Soils and Landform.....	25 to 26
3.7 Cultural Resources .....	26 to 29
3.8 Inventoried Roadless Area.....	29 to 33
3.9 Socio-economic.....	34 to 36
<b>Chapter 4 Environmental Consequences</b>	
4.1 Wilderness.....	1 to 8
4.2 Recreation .....	8 to 14

**Chapter 4 Environmental Consequences continued**

	Page
4.3 Vegetation .....	14 to 17
4.4 Wildlife (Terrestrial and Aquatic) .....	17 to 47
4.5 Hydrology .....	48 to 58
4.6 Soils and Landform.....	58 to 62
4.7 Cultural Resources .....	63 to 64
4.8 Inventoried Roadless Area.....	64 to 71
4.9 Socioeconomic.....	72 to 75
4.10 Unavoidable Adverse Impacts .....	75 to 77
4.11 Relationship of Short-term Uses and Long-term Productivity .....	77
4.12 Irreversible and Irretrievable Commitments of Resources .....	77
4.13 Compliance with Forest Plan Direction.....	77 to 78
4.14 Environmental Justice .....	78 to 79

**Chapter 5 List of Interdisciplinary Team Members .....**1 to 2**Chapter 6 Appendices.....**

A. Literature Cited .....	1 to 8
B. Other Resource Information.....	1 to 9
Item 1 – Threatened, Endangered, Proposed and Candidate Wildlife Species, Forest Service Sensitive Wildlife Species, and Ashley NF Management Indicator Wildlife Species .....	2
Item 2 – Sensitive Wildlife Species of the Ashley National Forest.....	3
Item 3 – Listed, Proposed, and Candidate Threatened and Endangered Wildlife Species in Daggett, Duchesne and Uintah Counties.....	4
Item 4 – US Fish & Wildlife Service list of Birds of Conservation Concern (BCC) in Bird Conservation Regions 10 & 16, and Utah Partners in Flight (PIF) Priority Species - their status in the project area.....	5 to 6
Item 5 – Habitats associated with US Fish & Wildlife Service list of Birds of Conservation Concern in Bird Conservation Regions 10 & 16, and Utah Partners in Flight Priority Species .....	7 to 8
Item 6 – Ecological Unit Site Map .....	9
C. Public Comments on Draft Environmental Impact Statement .....	1 to 71
D. Content Analysis of Public Comments on Draft Environmental Impact Statement .....	1 to 58

**TABLES**

	Page
Table 2.a – Proposed Terms and Conditions for Annual Routine and Long-term Non-Routine Operation and Maintenance Plan .....	Chapter Two, pages 22 & 23

Table 2.b – Comparison of Proposed Action and Alternatives Considered .....	Chapter Two, pages 25 & 26
Table 2.c – Summary of Consequences of the Proposed Action and Alternatives .....	Chapter Two, pages 27 to 35
Table 3.a – Forest Types and Available Forage .....	Chapter Three, page 9
Table 3.b – Hydrologic Reservoir Data for Fox and Crescent Reservoirs .....	Chapter Three, page 20
Table 3.c – Dam Structure Information for Fox and Crescent Reservoirs .....	Chapter Three, page 21
Table 3.d – Costs and Values Associated with Fox and Crescent Reservoirs .....	Chapter Three, page 34 to 36
Table 4.a – Average Annual Reductions in Yield of Crops if Irrigation Water is not Available .....	Chapter Four, page 73
Table 4.b – Average Annual Reduction in Livestock, Meat Production and Commodity Value of Meat if Irrigation Water is not Available .....	Chapter Four, page 73

**MAPS**

Project Location Map.....	Chapter One, page 9
Project Site Map.....	Chapter One, page 10
Alternative One.....	Chapter Two, page 10
Alternatives Two and Three.....	Chapter Two, page 14
Inventoried Roadless Area.....	Chapter Three, page 33
Ecological Unit Site Map.....	Chapter Six, page 9

**PHOTOS**
