Winter Recreation Travel Map Salt Lake Ranger District Wasatch-Cache National Forest

This map describes winter motorized travel opportunities and restrictions for the Salt Lake Ranger District on the Wasatch-Cache National Forest. Motorized travel is only allowed during the dates shown on this map when snow depth is adequate to prevent resource damage. Additional closures or restrictions may be made at any time for resource protection or public safety. For current travel information, contact the sources listed below.

DEFINITIONS

RESOURCE DAMAGE – Includes, but is not limited to the rutting of roads, trails, or other surfaces by any type of vehicle during wet or muddy conditions, damaging any type of fish or wildlife habitat, harassing any wildlife or damaging vegetation.

OFF HIGHWAY VEHICLE (OHV) – Any motorized vehicle designed for or capable of cross-country travel on or immediately over land, water, snow, sand, ice, marsh, swampland, or other terrain. This includes, but is not limited to, four-wheel-drives, motorcycles, snowmobiles, ATVs, and air-cushion vehicles.

OVER-SNOW VEHICLE (OSV) – A self propelled vehicle intended for travel primarily on snow, having a curb weight of not more than 1,000 pounds, driven by a track or tracks in contact with the snow, and steered by a ski or skis in contact with the snow.

MOTORIZED ACCESS ROUTE – A designated travel route providing motorized access through a non-motorized area.

SNOWLINE – The lowest elevation on a motorized access route with at least 2 inches of compacted snow.

Tread Lightly! Pledge:

Travel and recreate with minimum impact.
Respect the environment and the rights of others.
Educate yourself, plan and prepare before you go.
Allow for future use of the outdoors, leave it better than you find it.
Discover the rewards of responsible recreation
