# GIANT SEQUOIA NATIONAL MONUMENT MANAGEMENT PLAN DRAFT ENVIRONMENTAL IMPACT STATEMENT

## Errata Sheet #1 for DEIS December 11, 2002

The following is a list of corrections that have been made to the Giant Sequoia National Monument Plan DEIS. We have also enclosed copies of the corresponding pages in the document, as corrected; you can use these to replace the original pages in your copy of the DEIS.

### Summary

- Page xiv, Table II-1, Air Quality: Change the numbers, from left to right, to 445, 380, 855, 890, 1,100, 1,040.
- Page xvii, Table II-1, Social Values Regarding Vegetation Treatments: In the row heading, change "b. Acres of mechanical treatments per year." to "b. Acres of mechanical treatments." Under a. for each alternative, change "per year" to "in the 1st decade." Under b. for each alternative, change the entries as follows, left to right, to 21,050 acres in the 1st decade, 19,480 acres in the 1st decade, 5,630 acres in the 1st decade, 3,330 acres in the 1st decade, 38,085 acres in the 1st decade, and 35,050 acres in the 1st decade.

**NOTE:** Cubic foot volume is a measure of the volume of wood from trees that could be used for commercial lumber products. Another measure of wood volume is board feet. One million cubic feet equals approximately five million board feet.

- Page xix, Table II-1, Wildlife: Under Alternative 1, change ". . . 95,000

acres over next 40 years." to ". . . approx. 95,000 acres over next 140 years." Under Alternative 2, change ". . . 90,000 acres over next 40 year." to ". . . approx. 95,000 acres over next 140 years." Under Alternative 5, change ". . . 86,000 acres over next 40 years." to ". . . approx. 86,000 acres over next 140 years." Under Alternative 6, change "Large trees increase per acre" to "Large trees increase from approx. 5 per acre to 10 per acre over next 100 years." and change "approx. 113,000 acres over next 40 years." to ". . . approx. 113,000 acres over next 140 years."

## Chapter II

- Page II-72, Table II-1, Social Values Regarding Vegetation Treatments: Change "per year" to "in the 1st decade" under a. in each alternative. Change "b. Acres of mechanical treatments per year." to "b. Acres of mechanical treatments." Under Alternative 1, change "b. 2,105 acres per year." to "b. 21,050 acres in the 1st decade." Under Alternative 2, change "b. 1,950 acres per year." to "b. 19,480 acres in the 1st decade." Under Alternative 3, change "b. 560 acres per year." to "b. 5,630 acres in the 1st decade." Under Alternative 4, change "b. 330 acres per year." to "b. 3,330 acres in the 1st decade." Under Alternative 5, change "b. 3,810 acres per year." to "b. 38,085 acres in the 1st decade." Under Alternative 6, change "b. 3,510 acres per year." to "b. 35,050 acres in the 1st decade."
- Page II-74, Table II-1, Wildlife: Under Alternative 1, change ". . . 95,000 acres over next 40 years." to ". . . approx. 95,000 acres over next 140 years." Under Alternative 2, change ". . . 90,000 acres over next 40 year." to ". . . approx. 95,000 acres over next 140 years." Under Alternative 5, change ". . . 86,000 acres over next 40 years." to ". . . approx. 86,000 acres over next 140 years." Under Alternative 6, change "Large trees increase per acre" to "Large trees increase from approx. 5 per acre to 10 per acre over next 100 years." and change "approx. 113,000 acres over next 40 years." to ". . . approx. 113,000 acres over next 140 years."

## Chapter III

- Page III-42, last paragraph after heading Fire Susceptibility, last sentence: Change "Figure III-4 in the map packet . . ." to "Figure III-5 in the map packet. . . "
- Page III-44, Table III-7: Change title from ". . . (approximate)" to ". . . (approximate acres; includes all ownerships within Monument boundary)"

- Page III-47, 3rd paragraph, 2nd sentence after the heading of Wildland Urban Intermix: Change ". . . approximately 19,500 acres in the Monument." to ". . . approximately 17,600 acres in the Monument."

## Chapter IV

- Page IV-9, Table IV-1: Change the numbers under column heading "Volume of Wood Products Removed Annually (million cubic feet/yr)," from top to bottom, to 1.0, 0.1, 1.0, 0.1, 0.2, 0.02, 0 (no change), 0 (no change), 1.0, 0.1, 2.1, 0.2. Change the numbers under column heading "Estimate of Emissions Savings (ton/yr), from top to bottom, to 150 (no change), 30, 150 (no change), 30, 35 (no change), 32, 0 (no change), 0 (no change), 150 (no change), 25, 310, 62.
- Page IV-57, 2nd paragraph after subheading "Alternatives 1,2 and 5": Change ". . . or 90,000 acres over the next 40 years." to ". . . or 95,000 acres over the next 140 years."
- Page IV-60, 2nd paragraph following sub-heading "California spotted owl, Pacific fisher, and American marten": In the fifth sentence, change ". . . after 150 years . . ." to ". . . after 140 years . . ." In the next, or sixth sentence, change ". . . in 150 years." to ". . . in 140 years."
- Page IV-83, Table IV-12: Change column heading "Million Cubic Feet (CCF)/Year" to "Million Cubic Feet (MMCF)/Year." Change the numbers in that column, top to bottom, to .98, .98, .22, 0, .98, and 2.14. Change footnote from ". . . less than or equal to six jobs per million board feet in woods and mill." To ". . . less than or equal to thirty jobs per million cubic feet in woods and mill."
- Page IV-83, 1st paragraph after Table IV-12, 1st sentence: Change "2.2 CCF" to ".22 MMCF" and change "21.4 CCF" to "2.14 MMCF."
- Page IV-84, Table IV-13: Change row heading "Volume of Wood Products Potentially Available from Protection and Restoration Treatments (CCF/year)" to "Volume of Wood Products Potentially Available from Protection and Restoration Treatments (MMCF/decade)." Change "Acres of Mechanical Treatments Per Year (acres/year)" to "Acres of Mechanical Treatments Per Decade (acres/decade)."
