NOTE: The Siuslaw Project Update and other information about the Siuslaw National Forest can be accessed on our Web site at [www.fs.fed.us/r6/siuslaw/](http://www.fs.fed.us/r6/siuslaw/).

**T**his is the quarterly edition of Project Update notifying you of Siuslaw National Forest proposed actions for which there is an opportunity for your involvement. The list contains both proposed actions and actions for which the analysis process is already underway. This update is provided to give you an overview of proposed actions on the Siuslaw National Forest in the event you would like to comment. Detailed descriptions of proposed actions can be obtained by notifying the "contact person" associated with a given project. In some cases, mailing lists have already been established for an action or category of actions. If you are already on a mailing list, you will be notified of scoping periods for those proposed actions. If you would like to be on a mailing list, notify the contact person by mail or phone.

Comments received in response to this solicitation, including names and addresses of those who comment, will be considered part of the public record for proposed projects and will be available for public inspection. Comments submitted anonymously will be accepted and considered; however, those who only submit anonymous comments will not have standing to appeal the subsequent decision under 36 CFR Part 215. Additionally, pursuant to 7 CFR 1.27(d), any person may request the agency to withhold a submission from the public record by showing how the Freedom of Information Act (FOIA) permits such confidentiality. Persons requesting such confidentiality should be aware that, under the FOIA, confidentiality may be granted in only very limited circumstances, such as to protect trade secrets.

Proposed actions are grouped by category (Recreation, Special Use Permits, Forestry, Fish and Wildlife, Land Exchanges, Watershed Analysis, Roads, Plan Amendments and Multi-Projects), and within each category in alphabetical order by Ranger District. The information provided for each action includes name, Ranger District, legal description of location, a brief description of the proposed action, and three dates: scoping, decision, and implementation.
