

## INDEX

- A-**
  - Affected environment, 57
  - Alternatives
    - activities common to, 45
    - alternative 1, 18
    - alternative 2, 18
    - alternative 3, 31
    - comparison of, 47
    - considered but eliminated, 17
    - mitigation common to, 49
    - mitigation specific to alt. 3, 50
    - monitoring common to, 51
    - monitoring specific to alt.3, 53
    - preferred alternative, 54
  - Aquatic Resources
    - habitat, 114
    - listed fish, 113
- B-**
  - Botanical Resources
    - MacFarlane's four-o'clock, 75
    - sensitive species, 92
    - Spalding's catchfly, 75
    - threatened and endangered, 75
- C-**
  - Clean Water Act, 118
  - Cultural Resources, 188
  - Tribal Treaty Rights, 189
- D-**
  - Decision framework, 4
- E-**
  - Economics, 186
- I-**
  - Issues
    - key issues, 9
    - tracking, appendix A
- L-**
  - List of Preparers, 194
  - List of Recipients, 193
- M-**
  - Management areas, 5
    - existing condition, 2
  - Management direction, 5
  - Mitigation measures
    - common to alt. 2 and 3, 49
    - specific to alternative 3, 50
  - Monitoring
    - common to alt. 2 and 3, 51
    - specific to alternative 3, 53
    - terminology, 52
- N-**
  - Noxious Weeds, 72
- P-**
  - Proposed action, 4
- R-**
  - Rangeland Resources
    - grazing permits, 21
    - monitoring, 50-51
    - range conditions, 57
    - standards and Guidelines, 6
    - terminology, 52
    - utilization, 60,
  - Recreation Resources
    - existing conditions, 168
    - scenic existing conditions, 170
- S-**
  - Scoping, 8
  - Specially designated areas, 173
    - potential RNAs, 180
    - Joseph Canyon roadless, 182
    - wild and scenic, 173

Soils, 109  
    biological crusts, 112

**-W-**

Water quality, 119

Watershed cumulative effects, 134

**Wildlife Resources**

    bats, 163  
    big game, 137  
    migratory and land birds, 161  
    old growth associated sp., 155  
    PETS, 165  
    riparian habitat, 147  
    unique habitats, 152
