
The following table provides road management information for the portion of the Silver Fire that is in the Former Reservation boundary.

Forest Service acreage equals 2,064 which equal 3.225 square miles.

The following table breaks down the proposed road management by Alternative.

Road Management Category	Alternative A (Miles)	Alternative C (Miles)	Alternative D (Miles)	Alternative E (Miles)	Alternative G (Miles)	Alternative H (Miles)
Open	12.40	12.40	7.42	9.75	9.75	9.75
Close	--	--	2.33	--	--	--
Decommission	--	--	2.65	2.65	2.65	2.65
Open Road Density (Miles per Square Mile)	3.85	3.85	2.30	3.02	3.02	3.02

For information only, 162 acres of private land and 0.87 miles of road are in the burned area in the Former Reservation boundary. Road density on that land is 3.44 miles per square mile.
