

December 2003
Current Status Summary Sheet:

The following rivers, which have adjacent lands managed as National Forest, are found to be Eligible as Wild and Scenic Rivers as the result of the National Rivers Inventory:

<u>Name</u>	<u>Recommended Classification</u>
Battenkill	To Be Determined
Bolles Brook	Scenic/Recreational
Deerfield River	Scenic
Lye Brook	Wild
Mad River	To Be Determined
New Haven River	Recreational
Ottauquechee River	To Be Determined
Otter Creek	Recreational
Roaring Branch	Recreational
Walloomsac Brook (City Stream)	Recreational
Wardsboro Brook	Scenic
West River	Scenic
White River	Recreational
Winhall River	Wild/Scenic

Tentative- These rivers would become Eligible as Wild and Scenic Rivers when the Forest Plan is revised in 2005. They would be given a Management Area designation in all Draft Alternatives, which would protect the characteristics that make them eligible.

<u>Name</u>	<u>Recommended Classification</u>
Big Branch	Scenic
Bourn Brook	Wild to Wilderness Boundary, Recreational Outside Boundary
Leicester Hollow Brook	Scenic/Recreational
Middlebury No. Brook	Recreational
Stamford Stream	Recreational
