

## **Hector Plan Revision Meeting Notes June 2004: Trails Analysis Process**

Improve views; like views of lakes. Observation Tower.

Can't we close trail during nesting season or move trail or nest?

Sassafrass Pond is low because it is under utilized and undercovered. People don't realize potential.

Caywood Point Trail could be located along Sawmill Creek and into village trails already existing there.

Don't close any snowmobile trails.
