File Code: 1950-1

Date: September 22, 2004

Dear Interested Party:

This is to notify you of my decision to permit salvage of weakened and severely damaged standing trees and downed and uprooted trees on approximately 80 acres of hardwood and pine stands in the Goosetown Ridge area.

You are either an adjacent landowner or have responded to the scoping letters dated December 2, 2003 and March 5, 2004. The enclosed Decision Memo explains the project and the decision making process.

Public involvement is an important part of the decision making process for this project, as it is for all projects. Your comments and concerns were considered in the analysis for this decision.

If you have further questions about this decision, please contact Chris Thornton of my staff at (812) 547-7051. We appreciate your interest in management of the Hoosier National Forest.

Sincerely,

/s/ James E. Denoncour
